- Research skills
- Team work
- Leadership skills
- Adaptability

ABOUT ME

MCA graduate with specialization in MERN stack development, proficient in building dynamic web applications. Skilled in JavaScript, MongoDB, Express.js, React.js, and Node.js. Experienced in problem-solving and collaborating within agile development environments. Possesses a strong grasp of software development principles and a fervent commitment to continuous learning and growth.

PROJECTS

E-commerce website

Developed an e-commerce platform for cosmetics products. Designed and implemented user and admin features like authentication, product management, and order monitoring and real-time customer support for a seamless shopping experience.

Loan Prediction Using ML

The Loan Prediction System employs machine learning algorithms to analyze applicant data, predicting loan approval or rejection based on historical patterns, facilitating informed decision-making for financial Institutions.

Diamond Quality Prediction using ML

The Diamond Quality Prediction System utilizes machine learning to assess diamond characteristics, predicting quality grades based on features, aiding in accurate and efficient evaluation within the diamond industry

Resort Management System

The Resort Management System in PHP is a web-based application facilitating efficient management of room bookings, guest information, billing, and staff operations, ensuring seamless resort administration and improved guest experience.

COURSES & CERTIFICATES

- Certificate Course in MERN FULL STACK Learned Advanced MongoDB, Express, React, Node.
- Certificate on Introduction to Operating System from NPTEL Online certification, IIT Madras
- Certificate on Computer Graphics from NPTEL Online certification, IIT Guwahati

PUBLICATIONS

- Exploring the future of medical data storage with holographic technology - JASC JOURNAL, VOLUME X, ISSUE III, MARCH-2023 JOURNAL OF APPLIED SCIENCE AND COMPUTATIONS.
- A Paper On Diamond Quality Prediction using ML by Nehru E-Conference on Technology Annexing Reality 2023
